Leader Fees

Fees for extra leaders are calculated at \$15 per day/\$90 per week. Names of leaders are not required until May 15. Two leaders are free. Additional leaders may be free according to the schedule below:

# of youth per program	# of free leaders	All additional adults
5-10	2	\$90
11-20	3	\$90
21-30	4	\$90
31-40	5	\$90

Webelos Crossovers & New Scouts

These Scouts are always afforded the lowest possible camp fee rate. Because many troops don't know what Webelos will be joining their troop until after the March 1 deposit date, a special registration category will be established for them. This will also include any boys who join the troop as new Scouts between March 2 and the beginning of the troop's week at camp. This registration will be available May 16.

Camperships

The Connecticut Rivers Council will continue to award camperships to assist Scouts in need of funds to attend camp who might not otherwise do so. The annual campership fund is limited and fluctuates from year to year. Similar to Webelos crossovers and new Scouts, campership Scouts will also be afforded the lowest possible rate to attend camp. The unit process for paying for these Scouts is to be determined.

Specialty Camp Programs

Registration for all Specialty Camp programs will be accomplished by the individual. These programs will include Trail to Eagle, NRA Shooting Sports, Robotics & Technology, plus many more.

Payments

ALL deposits and subsequent payments for camp **MUST** be made online through your MyCouncil page on the CRC web site. Payments may be in the form of an E-Check or credit card. There is no charge to the unit using this method of payment.

FAQs

Question I don't know what Scouts in my troop are going to attend camp by the March 1st Early Fee deposit date. Why should I make a deposit for the "unknown"?

Answer Camp promotion is a year round process. The unit's camp plans should already be on family's calendars. Units also should have a pretty good idea of the percentage of Scouts in the troop that attends camp. Register and make deposits for that number of NAMED Scouts. Deposits may later be transferred between Scouts.

Question We know our troop has Scouts that need Campership assistance in order to attend camp. Should we register them with a \$50 deposit by March 1st?

Answer Yes, but not necessarily. As stated above, campership applicants are always afforded the lowest possible camp fee. Naming them by March 1 helps the Camp Directors in planning for a great summer program.
